

Banana Plugs Terminal Connectors Male Red and Black Pair

4mm Good Quality

Slug: banana-plugs-terminal-connectors-male-red-and-black-pair-4mm-good-quality

TECHNICAL SPECIFICATIONS & SUMMARY

[Power Connector] 4mm Banana Plug Terminal Connectors - Male Red & Black Pair The 4mm Banana Plug Terminal Connectors are reliable and convenient connectors designed for audio equipment, industrial instruments, power testing, automotive testing, laboratory equipment, and DIY electronics projects. With a standard 4mm banana plug diameter, these connectors are compatible with most standard 4mm banana sockets and test equipment. The screw-type connector fitting allows wires to be securely connected without soldering, making installation quick, simple, and reusable. The stackable design also allows the plugs to be connected with existing 4mm banana plugs, providing greater flexibility for testing and power connections. The Red and Black color combination makes it easy to identify positive and negative connections, making these plugs suitable for power supplies, test leads, speakers, electronic instruments, and other electrical applications. Key Features Standard 4mm banana plug diameter Red and Black male banana plug pair Screw-type wire
